

Instructions for Scorers

1. Round 1: When you receive the results from Round 1, record the names and ranks* for the nine students mentioned by the judge. Students not mentioned on the ballot receive a 10. Write the winning PO for round 1 at the bottom.
2. For Round 2: using the Round 2 ballot, write the round ranks in the round 2 column; Record a 10 for any student not mentioned on the round 2 ballot. Write the winning PO for round 2 at the bottom or your score sheet.
3. At 2:30 pm, collect your 5 plaques and your score sheet and go your congress chamber. When the judge has finished scoring for Round 3, add in those scores, writing names as needed and giving scores of 10 for rounds that a student was not ranked. Write the winning PO at the bottom. Total the three scores, and assign the top five places based on the lowest cumulative scores. *Don't forget to collect the PO seating chart.*
4. If there is a tie, break it by counting the greater number of firsts, seconds: 1st priority round rank, 2nd priority individual ranks if more than one judge per round. If this does not break the tie, take a vote of the students to pick the higher place.
5. List top five students and winning PO in the spaces to the right of these directions, and sign your name at the bottom. You can then call up your winners in reverse order one at a time. Start with the presiding officer; best 2 out of three wins PO.

*For the Senate ranks are determined by first adding all three judge scores for each student. Determine rank by lowest cum. Break ties by judges' preference.

When you have finished return all materials including the PO seating chart to the tab room.

What is Student Congress? A Student Congress is modeled after the procedure for floor debate in a legislature. It is designed to test a student's ability to speak to an issue in both an extemporaneous and impromptu manner and to reveal the individual's knowledge of parliamentary procedure. Bills and resolutions to be debated today have been determined in advance, and students have had time to prepare to speak on these issues.

What Should I Look for in a Round? Student Congress should be viewed as a process that includes argumentation, analysis, questioning, clash of ideas, and delivery. A thorough knowledge of parliamentary procedure should be reflected in each speaker's courtesy and decorum. Judges should evaluate or rank speakers based on the speaker's overall contribution to the debate in this house.

Other Important Details... Each session of Congress is ninety minutes long. Time begins with the first speaker. A student presiding officer will run each session. In order to speak or ask a question, a congressperson will be recognized by the presiding officer. All speeches should be delivered from the front of the room. Each speech is limited to three minutes. In addition, each speaker is open for a maximum of one minute of cross-examination. Only notes and prepared material are allowed in delivering speeches. No other visual aids or props are permitted.

RATING: At the end of the session please rank the students 1st (BEST) through 9th place and choose the best presiding officer if more than one. Presiding officers may also be ranked in the top 9 if they speak. There are no ties allowed. Since there are so many speakers you are also encouraged to keep careful notes during the round.

Don't forget to assign 3-6 points per speech on the comment sheet and seating chart!

- Please use the questions below in mind as you judge the Student Congress speakers.*
- **Delivery:** Did student communicate in a persuasive in manner? Did student effectively use eye contact. Was student's voice volume and rate of delivery easy to follow? Did student use voice, gesture, and movement to effectively communicate emotions and ideas.
 - **Logical Arguments and Analysis:** Were student's arguments convincing and appropriate? Were ideas on issues backed by appropriate supporting evidence? Did student's arguments demonstrate a solid understanding of the legislation?
 - **Clash:** Did student directly respond to the issues presented by previous speakers?
 - **Knowledge and use of Parliamentary Procedure:** Did student use parliamentary procedure to facilitate debate and further the business of the assembly, not to slow down procedure or unfairly prevent other students from speaking?
 - **Questioning:** Were student's questions incisive and knowledgeable? Were questions and answers direct, concise, and to the point?

ROUND 3

Instructions for Scorers

1. Round 1: When you receive the results from Round 1, record the names and ranks* for the nine students mentioned by the judge. Students not mentioned on the ballot receive a 10. Write the winning PO for round 1 at the bottom.
2. For Round 2: using the Round 2 ballot, write the round ranks in the round 2 column; Record a 10 for any student not mentioned on the round 2 ballot. Write the winning PO for round 2 at the bottom or your score sheet.
3. At 2:30 pm, collect your 5 plaques and your score sheet and go your congress chamber. When the judge has finished scoring for Round 3, add in those scores, writing names as needed and giving scores of 10 for rounds that a student was not ranked. Write the winning PO at the bottom. Total the three scores, and assign the top five places based on the lowest cumulative scores. *Don't forget to collect the PO seating chart.*
4. If there is a tie, break it by counting the greater number of firsts, seconds: 1st priority round rank, 2nd priority individual ranks if more than one judge per round. If this does not break the tie, take a vote of the students to pick the higher place.
5. List top five students and winning PO in the spaces to the right of these directions, and sign your name at the bottom. You can then call up your winners in reverse order one at a time. Start with the presiding officer; best 2 out of three wins PO.

*For the Senate ranks are determined by first adding all three judge scores for each student. Determine rank by lowest cum. Break ties by judges' preference.

When you have finished return all materials including the PO seating chart to the tab room.

What is Student Congress? A Student Congress is modeled after the procedure for floor debate in a legislature. It is designed to test a student's ability to speak to an issue in both an extemporaneous and impromptu manner and to reveal the individual's knowledge of parliamentary procedure. Bills and resolutions to be debated today have been determined in advance, and students have had time to prepare to speak on these issues.

What Should I Look for in a Round? Student Congress should be viewed as a process that includes argumentation, analysis, questioning, clash of ideas, and delivery. A thorough knowledge of parliamentary procedure should be reflected in each speaker's courtesy and decorum. Judges should evaluate or rank speakers based on the *speaker's overall contribution to the debate in this house.*

Other Important Details... Each session of Congress is ninety minutes long. Time begins with the first speaker. A student presiding officer will run each session. In order to speak or ask a question, a congressperson will be recognized by the presiding officer. All speeches should be delivered from the front of the room. Each speech is limited to three minutes. In addition, each speaker is open for a maximum of one minute of cross-examination. Only notes and prepared material are allowed in delivering speeches. No other visual aids or props are permitted.

Don't forget to assign 3-6 points per speech on the comment sheet and seating chart!

Please use the questions below in mind as you judge the Student Congress speakers.

- **Delivery:** Did student communicate in a persuasive in manner? Did student effectively use eye contact. Was student's voice volume and rate of delivery easy to follow? Did student use voice, gesture, and movement to effectively communicate emotions and ideas.
- **Logical Arguments and Analysis:** Were student's arguments convincing and appropriate? Were ideas on issues backed by appropriate supporting evidence? Did student's arguments demonstrate a solid understanding of the legislation?
- **Clash:** Did student directly respond to the issues presented by previous speakers?
- **Knowledge and use of Parliamentary Procedure:** Did student use parliamentary procedure to facilitate debate and further the business of the assembly, not to slow down procedure or unfairly prevent other students from speaking?
- **Questioning:** Were student's questions incisive and knowledgeable? Were questions and answers direct, concise, and to the point?

Instructions for Scorers

1. Round 1: When you receive the results from Round 1, record the names and ranks* for the nine students mentioned by the judge. Students not mentioned on the ballot receive a 10. Write the winning PO for round 1 at the bottom.
2. For Round 2: using the Round 2 ballot, write the round ranks in the round 2 column; Record a 10 for any student not mentioned on the round 2 ballot. Write the winning PO for round 2 at the bottom or your score sheet.
3. At 2:30 pm, collect your 5 plaques and your score sheet and go your congress chamber. When the judge has finished scoring for Round 3, add in those scores, writing names as needed and giving scores of 10 for rounds that a student was not ranked. Write the winning PO at the bottom. Total the three scores, and assign the top five places based on the lowest cumulative scores. *Don't forget to collect the PO seating chart.*
4. If there is a tie, break it by counting the greater number of firsts, seconds: 1st priority round rank, 2nd priority individual ranks if more than one judge per round. If this does not break the tie, take a vote of the students to pick the higher place.
5. List top five students and winning PO in the spaces to the right of these directions, and sign your name at the bottom. You can then call up your winners in reverse order one at a time. Start with the presiding officer; best 2 out of three wins PO.

*For the Senate ranks are determined by first adding all three judge scores for each student. Determine rank by lowest cum. Break ties by judges' preference.

When you have finished return all materials including the PO seating chart to the tab room.

Official Student Congress Ballot

Session: I II III (circle one)

House/Senate # 4 (circle one)

Room #: 529

What is Student Congress? A Student Congress is modeled after the procedure for floor debate in a legislature. It is designed to test a student's ability to speak to an issue in both an extemporaneous and impromptu manner and to reveal the individual's knowledge of parliamentary procedure. Bills and resolutions to be debated today have been determined in advance, and students have had time to prepare to speak on these issues.

What Should I Look for in a Round? Student Congress should be viewed as a process that includes argumentation, analysis, questioning, clash of ideas, and delivery. A thorough knowledge of parliamentary procedure should be reflected in each speaker's courtesy and decorum. Judges should evaluate or rank speakers based on the speaker's overall contribution to the debate in this house.

Other Important Details... Each session of Congress is ninety minutes long. Time begins with the first speaker. A student presiding officer will run each session. In order to speak or ask a question, a congressperson will be recognized by the presiding officer. All speeches should be delivered from the front of the room. Each speech is limited to three minutes. In addition, each speaker is open for a maximum of one minute of cross-examination. Only notes and prepared material are allowed in delivering speeches. No other visual aids or props are permitted.

RATING: At the end of the session please rank the students 1st (BEST) through 9th place and choose the best presiding officer if more than one. Presiding officers may also be ranked in the top 9 if they speak. There are no ties allowed. Since there are so many speakers you are also encouraged to keep careful notes during the round.

Don't forget to assign 3-6 points per speech on the comment sheet and seating chart!

- Please use the questions below in mind as you judge the Student Congress speakers.*
- **Delivery:** Did student communicate in a persuasive in manner? Did student effectively use eye contact. Was student's voice volume and rate of delivery easy to follow? Did student use voice, gesture, and movement to effectively communicate emotions and ideas.
 - **Logical Arguments and Analysis:** Were student's arguments convincing and appropriate? Were ideas on issues backed by appropriate supporting evidence? Did student's arguments demonstrate a solid understanding of the legislation?
 - **Clash:** Did student directly respond to the issues presented by previous speakers?
 - **Knowledge and use of Parliamentary Procedure:** Did student use parliamentary procedure to facilitate debate and further the business of the assembly, not to slow down procedure or unfairly prevent other students from speaking?
 - **Questioning:** Were student's questions incisive and knowledgeable? Were questions and answers direct, concise, and to the point?

What is Student Congress? A Student Congress is modeled after the procedure for floor debate in a legislature. It is designed to test a student's ability to speak to an issue in both an extemporaneous and impromptu manner and to reveal the individual's knowledge of parliamentary procedure. Bills and resolutions to be debated today have been determined in advance, and students have had time to prepare to speak on these issues.

What Should I Look for in a Round? Student Congress should be viewed as a process that includes argumentation, analysis, questioning, clash of ideas, and delivery. A thorough knowledge of parliamentary procedure should be reflected in each speaker's courtesy and decorum. Judges should evaluate or rank speakers based on the *speaker's overall contribution to the debate in this house.*

Other Important Details... Each session of Congress is ninety minutes long. Time begins with the first speaker. A student presiding officer will run each session. In order to speak or ask a question, a congressperson will be recognized by the presiding officer. All speeches should be delivered from the front of the room. Each speech is limited to three minutes. In addition, each speaker is open for a maximum of one minute of cross-examination. Only notes and prepared material are allowed in delivering speeches. No other visual aids or props are permitted.

RATING: At the end of the session please rank the students 1st (BEST) through 9th place and choose the best presiding officer if more than one. Presiding officers may also be ranked in the top 9 if they speak. There are no ties allowed. Since there are so many speakers you are also encouraged to keep careful notes during the round.

Don't forget to assign 3-6 points per speech on the comment sheet and seating chart!
