I also think the counter-interp on the Drug spec shell sufficiently
resolves the off offense/standards of the shell and is reasonable under
the IAR brightline. Then I vote on the perm.*

COMMENTS & REASON FOR DECISION:

- be able to answer questions on uniqueness sufficiently in CX
- didn't address answer to probability for regional stability
- congress answers seems to be unresponsive to compact or on CP, and bites into dx
- just seem to be missing some of the nuances of the neg arg
- don't think answers to the CP actually talk about perception

- at least a brief or on aff would be been appreciated
